- Material-saving
- Smooth, closed, fine white surface on the object
- Fast drying
- Easy to wipe off with a cloth or brush
- Washes off easily with water
- 100% free of titanium dioxide
- Contains solvents
- Labelling according to GHS

NOTICE

Clean the surface completely before use (e.g. from dust). As soon as the surface is dry, it can be touched - the **REFLECON® Tarnish** will then no longer smear. Very good adhesion and removability of the marking dots on the applied film at average film thickness.

Minimum shelf life: 3 years at storage temperature (5 - 45 °C) for aerosol cans and 3 years for containers. The aggregate state of the product changes at temperatures below 5 °C. As soon as the temperature rises above 5°C, the aggregate state returns to normal.

Available in 500ml (12 cans/carton), 1L, 5L (container) and as Piccolo-Pen.
